Working Together in Diabetes

in association with

Hot Topics in Diabetes, Obesity and Cardiovascular Disease

This conference brings together **leading experts** who will keep you up to date with the **latest evidence, knowledge and best practice** – *an essential learning opportunity for the busy health professional.*

The day will take the format of presentations, lively Q & A sessions, discussion and case studies to make your learning informative and enjoyable too.

5 Great Reasons to Attend:

- An opportunity to update your knowledge, hear the latest evidence and guidelines.
- Gain practical information and take home messages which you can implement in the practice setting.
- An opportunity to share and exchange ideas and to network.
- Engaging speakers who are experts in their field.
- Meet your professional educational requirements – Certificate of Attendance.

Who Should Attend?

This conference provides an unrivalled learning and networking opportunities particularly for healthcare professionals working in primary care, community, public and prison health! Others with an interest are very welcome to attend.

- General practitioners and other doctors
- Practice nurses, nurse practitioners and other nurses
- Dietitians and nutritionists
- All other allied health professionals
- Public health and health promotion specialists
- NHS managers and policy makers
- Academics and researchers
