ADOLESCENT SUBSTANCE ABUSE 2015

WORKING EFFECTIVELY WITH ADOLESCENTS WITH SUBSTANCE ABUSE ISSUES

A One Day Conference

Tuesday 8th December 2015, Glasgow

Teenagers in the UK are amongst the heaviest alcohol and drug-users in Europe, the consequences of which are wide ranging and include non-attendance and poor attainment at school, poor health, committing crime to support 'habits' and sexual exploitation. In addition to this, many children and young people who live with substance misusing parents and carers are suffering its ill effects.

At this conference, key experts and front line practitioners will update your knowledge and understanding on adolescent substance abuse, evidence based approaches and best practice, so you think in a new way about your work and work more effectively with this population group of young people. The conference will also provide a great opportunity to network with others and gain resources. We do hope you will join us!
